Avery Dennison®

Cable Tie Installation Tools

## Accelerate Performance - Custom Engineered Solutions.

Our team of innovation experts, partner with customers to develop, deliver and integrate solutions that overcome customer and industry challenges while accelerating their performance throughout the global retail supply chain.

## BUNDLE WIRES EFFICIENTLY WHILE REDUCING OPERATOR FATIGUE

Avery Dennison Cable Tie Installation Tools are engineered so that the distance between the trigger and handle is minimized to lower the trigger force necessary for operation, lessening fatigue and increasing comfort for smaller hands.

Easy-to-read tension setting indicator and non-slip tension adjustment knob ensures consistency from one operator to another.

## BUILT TO LAST IN LINE PRODUCTION ENVIRONMENTS

- Improved internal mechanism design increases long-term tool reliability
- Rugged, lightweight cast aluminum body
- Optimal blade and tool geometry improves cutting capability for smoother, more precise cuts.

## FLEXIBLE SOLUTION FOR A BROAD RANGE OF APPLICATIONS

- Available in Manual or Pneumatic styles
- Both tools will accommodate all miniature (18 lb), intermediate (40 lb) and standard ties (50 lb) or 0.4" / 10.2mm wide ties
- Nose of the tool allows easy access for miniature, intermediate and standard ties (0.4" / 10.2mm maximum width).

## ELEVATING BRANDS. ACCELERATING PERFORMANCE.
