Die Liste enthält nur Nähwerkzeuge sowie unterklassenabhängige Teile. Beim Umbau in eine andere Unterklasse bzw. Ausführung können auch noch Maschinenteile erforderlich sein. Geben Sie also bei Bestellungen die genaue Bezeichnung der vorhandenen bzw. der gewünschten Ausführung an.

The list contains only gauge parts and subclass-dependent parts. For a conversion into another subclass or version machine parts may be required as well. Please state the exact classification of the existing or required version on your order.

La liste comprend uniquement des organes de couture et des pièces dépendant des sous-classes. En cas de transformation en une autre sous-classe ou une autre version, il se peut que d'autres pièces de machine soient nécessaires. C'est pourquoi nous vous prions d'indiquer, à la commande, la désignation exacte de la version existante ou souhaitée.

La lista contiene solamente órganos de costura y piezas dependientes de la subclase. En el caso de transformación en otra subclase o en otro tipo, es posible que sean necesarias piezas de la máquina. Al hacer los pedidos, indíquese la denominación exacta del tipo existente o del deseado.

Certain design features change according to the needle gauge (e.g. the number of tooth rows on the feed dog).
La forme est fonction de l'écartement des aiguilles (par ex. le nombre des rangées de dents de la griffe).
La forma varia de acuerdo con la distancia entre agujas (p.e. el número de hileras de dientes en el transportador). |
