Razor-edge

Razor-edge blades feature our sharpest blade grind, ideal for cutting multiple layers of heavy materials.

Micro-Tip®

Extra-fine point blades make cutting details and intricate patterns easy.

Non-stick

Non-stick blade coating makes it easy to cut through sticky adhesives without the blades gumming up.

Easy Action™

Built-in spring mechanism reduces cutting effort, ideal for anyone with arthritis or limited hand strength.

Softgrip®

Comfort-enhancing handle helps reduce hand fatigue.

Titanium-coated

Titanium blade coating is three times harder than steel for improved durability and rust resistance.

Forged

Forged scissors provide a perfectly balanced, ultra-durable feel that appeals to traditionalists.

Knife-edge

Forged scissors with knife-edge blades cut multiple layers of fabric easily, all the way to the tip, and stay sharp longer than other scissors.

Lightweight

Lightweight scissors feature a lighter handle for improved control and comfort.

Featherweight

Featherweight tools feature an ultra-light, contoured design to minimize strain and maximize control and comfort during use.

The only scissors brand with the Arthritis Foundation® Ease-of-Use Commendation

Fiskars is proud to be the only brand on the market offering scissors that have been awarded the Ease-of-Use Commendation by the Arthritis Foundation®. Every tool to earn this prestigious designation has been rigorously tested by an independent lab and awarded the Ease-of-Use Commendation based on smart design that helps people with arthritis or limited hand strength continue to do the things they love. Our Ease-of-Use products aren't just for people with arthritis — recommend these user-friendly scissors to all of your customers to help make crafting a little easier.
