INSTRUCTIONS FOR OILING

Turn aside the cover at the top of the machine and pour oil through the hole thus exposed until its level in the machine bed reservoir coincides with the upper mark on the oil gauge.

Apply a few drops of oil to all oil holes and to other places where parts are in movable contact.

Use "Singer Oil for High Speed Sewing Machines" (Cloth and Leather) for general use, or "Singer Stainless Oil for High Speed Sewing Machines" where a stainless oil is desired.
