

UPPER THREADING—SINGLE-NEEDLE

Machines 253-11 and 253-12

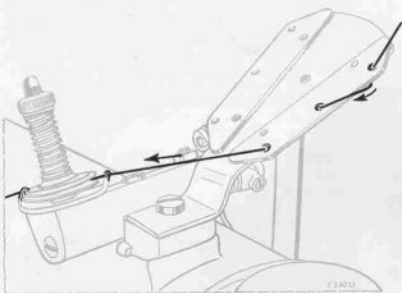

Fig. 7. Threading Needle Thread Tension Assembly

Fig. 8. Threading Needle Thread Take-up

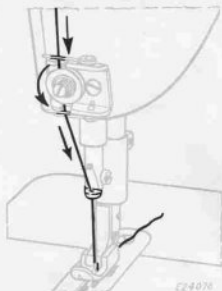

Fig. 9. Threading Needle

Turn machine pulley over toward operator until needle is at its **highest** point.

Pass needle thread from unwinder through threading points in the order shown in Figs. 7 to 10.

NOTE: Thread is passed from **front** to **back** through needle eye, as shown in Fig. 9.

Draw about two inches of thread through needle eye, with which to start sewing.
