Turn machine pulley over toward operator until needles are at their **highest** point.

Pass each needle thread from unwinder, through threading points on machine in the order shown in **Figs. 11 to 14.**

Dotted line indicates thread for right hand needle.

NOTE: Thread is passed from **front** to **back** through needle eye, as shown in **Fig. 13.**

Draw about two inches of thread through each needle eye with which to start sewing.
